2.1. Files - Upload files

Editing mask of the Buyers' Guide

If you want to use a logo, a video or images for the image gallery, you must first upload them under the **Files** menu item. This menu item serves as a file manager where new files can be uploaded or existing files can be deleted to free up disk space.

- Use the drag & drop field **(1)** to upload new files. Files with the file extensions .jpg, .png & .mp4 are supported. If you want to use a video from YouTube, copy the link of the video under the drag & drop field.
- After uploading the files, they will be displayed in a list **(2)**.
- **(3)** shows the current usage (total size of all files).
- Uploaded files **(2)** can be deleted again by clicking on the three dots at the end of each line **(4)**.
- Image or video captions can also be created in different languages using the three dots at the end of each line **(4)**.

2.2. Logo & Details - Company description and logo

Here a company logo, which was previously uploaded under the menu item **Files**, can be selected. Furthermore, a description of the company can be created in different languages. In addition, social media accounts (LinkedIn, Instagram & Twitter) can be stored here.

Save each change by clicking the **Save** button

2.3. Image gallery

Here you can select images that were previously uploaded under the **Files** menu item, which will then be published in the Buyers' Guide entry.

Images to be published in the Buyers' Guide entry can be dragged from the **Available images** section to the **Gallery images** section. To change the order, each image can be dragged to the desired position.

Save each change by clicking the **Save** button

2.4. Video gallery

Here you can select videos that were previously uploaded under the **Files** menu item, which will then be published in the Buyers' Guide entry.

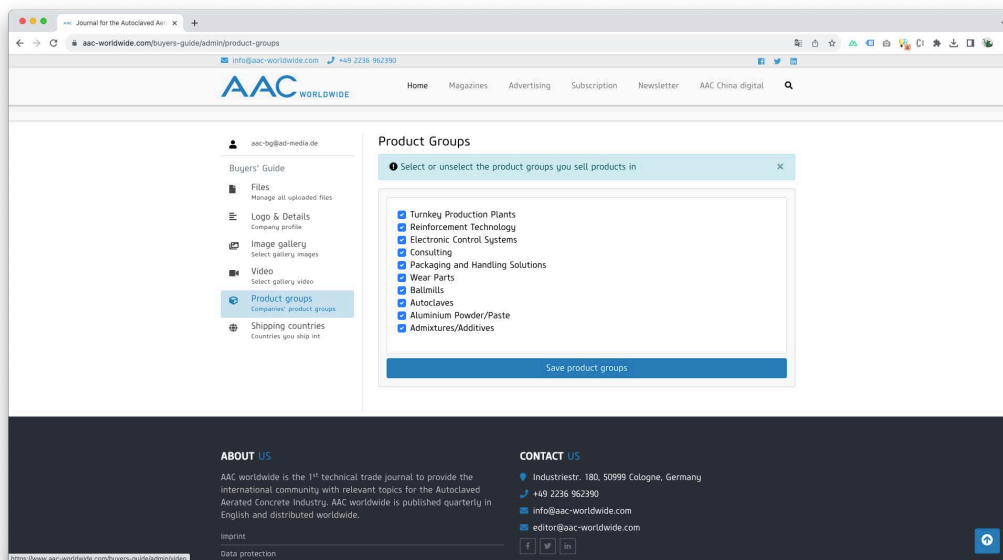

Videos to be published in the Buyers' Guide entry can be dragged from the **Available videos** section to the **Buyers' Guide videos** section.

Save each change by clicking the **Save** button

2.5. Product groups

The **Product groups** menu item allows you to select product groups that the company distributes or trades with.
